EDUCATION

Cégep de St-Jean-sur-Richelieu — *St-Jean-sur-Richelieu* *2023 - 2027 (In progress)*

- Computer Science Technology (DEC) + Calculus (Differential & Integral) & Linear Algebra I
- Transferred from Cégep de Drummondville in 2024

Collège Montmorency — *Laval* *2022 - 2023*

- Multimedia Integration Technology (DEC)

PROJECTS

Maze Game — ESP32 Game

- Low-level signal processing code for physical components.
- Interacting with the Wi-Fi access point API and captive portal technology. • *Tech: ESP32, C* • *Source code:* https://github.com/mrjacksonsapien/maze_game_with_captive_portal

SGL — 3D Rendering Engine (CPU, JavaScript + Canvas)

- Implementation of vertex/triangle classes, transformations, rasterization, back-face culling and clipping.
- Educational library for new 3D programmers. • *Tech: HTML, JavaScript* • *Source code:* https://github.com/mrjacksonsapien/SGL

Aquamania — Underwater Diving Game on Roblox

- Alpha project (closed source). • *Game:* https://www.roblox.com/games/17810134766/Aquamania
- Development of flexible systems for regions, quests and adaptive audio/visuals.
- Dynamic serialization to evolve the player data schema. • *Tech: Roblox Studio, Luau*

EXPERIENCE

Shell Boul. D'Anjou (Famille Gendron) — *Châteauguay* *2025 - Present*

- **Clerk:** Excellent time management, balancing work and full-time studies. • *Customer service*

COMPETITIONS

- NorthSec CTF 2025, Montréal *2025*
- Intercollegiate Cybersecurity Competition CSTJEAN 2024 (CTF), Cégep St-Jean-sur-Richelieu *2024*
- Intercollegiate Video Game Creation Competition, Cégep de Valleyfield *2026*
- Hackathon, Cégep de Drummondville — 3rd place (Educational programming app) *2024*

SKILLS & KNOWLEDGE

- **Languages:** C/C++, Rust, Java/C#, Python, JavaScript, PHP, Lua/Luau
- **Graphics & Rendering:** Software rendering (CPU), Linear algebra
- **Game engines:** Unity, Roblox Studio
- **Tools & Tech:** Git, PowerShell & Bash, Zed, VS Code, JetBrains IDEs, Visual Studio, CMake, Vim, Docker, Ollama, OpenClaw
- **Operating systems:** Windows, Linux
